## Acne Peel

Achieve clear, radiant skin with our Acne Peel, expertly formulated with a blend of AHA (Alpha Hydroxy Acid) and BHA (Beta Hydroxy Acid) to target and treat acne-prone complexions. This potent combination works synergistically to exfoliate the skin's surface and penetrate deep into the pores, effectively reducing breakouts, blackheads, and congestion.

Ingredients: Ethanol, Aqua, Lactic Acid, Salicylic Acid, Mandelic Acid, Canadian Willowherb, Potassium Azeloyl Diglycinate (and) Water (and) Diazolidinyl Urea (and) Iodopropynyl Butylcarbamate

## Mandelic Peel

A gentle yet effective exfoliant designed for all skin types, including sensitive skin. Derived from bitter almonds, mandelic acid offers a unique, slow-penetrating formulation that minimizes irritation while delivering powerful resurfacing benefits. This peel helps to unclog pores, reduce fine lines, and fade hyperpigmentation, revealing a smoother, more even-toned complexion.

Ingredients: Ethanol, Aqua, Mandelic Acid, Canadian Willowherb, Potassium Azeloyl Diglycinate, Allantoin, PEG-40 Hydrogenated Castor Oil, Propylene Glycol, Diazolidinyl Urea, Iodopropynyl Butylcarbamate, Hydroxyethyl Cellulose

## After Treatment Soothing Gel

Experience instant relief and rejuvenation with our After Treatment Soothing Gel, infused with the powerful combination of hyaluronic acid and marine collagen. Specially designed to calm and hydrate your skin after various treatments, this lightweight gel penetrates deeply to provide intense moisture and support your skin's natural healing process.

Ingredients: Aqua, Chondrus Crispus Extract, Sodium Hyaluronate, Panthenol (Vitamin B5), Dipotassium Glycyrrhizate

## Hyaluronic B5 Skin Needling Serum

Unveil radiant skin with our Hyaluronic & B5 Micro-needling Serum! Specially formulated to enhance your microneedling routine, this powerhouse serum combines the ultra-hydrating properties of hyaluronic acid with the revitalizing boost of vitamin B5. It helps to plump and smooth the skin, reducing the appearance of fine lines and wrinkles while promoting a healthy, dewy complexion.

Ingredients: Aqua, Hyaluronic Acid, Panthenol (Vitamin B5), Niacinamide (Vitamin B3), Phenoxyethanol, Caprylyl Glycol

## After Treatment Face Oil

Elevate your regimen with our Post Treatment Nourishing Oil, a luxurious blend designed to deeply replenish and revive your skin following any treatment. Infused with a harmonious mix of botanical oils this lightweight yet potent formulation delivers intense hydration and nourishment, soothing the skin and accelerating its natural healing process.

Ingredients: Caprylic/Capric Triglyceride, Jojoba Oil, Rosehip Oil, Bisabolol, (Vitamin C) Ascorbyl Tetraisopalmitate, Vitamin A Palmitate, CoEnzyme Q10, Seabuckthorn Seed Oil, Helianthus Annuus Seed Oil, Arnica Montana Flower Extract, Natural Vitamin E

## Pre & Post Skin Neutralising Spray

Prepare and pamper your skin with our expertly crafted Pre-and Post Peel Solution, designed to optimize the efficacy and comfort of your peel treatments. The Pre-Peel Solution gently primes your skin, ensuring an even application and enhancing the absorption of active ingredients. Following your peel treatment, the Post-Peel Solution takes over, offering immediate calming and hydration to restore your skin's equilibrium. Enriched with nourishing ingredients, it accelerates the healing process, reduces redness, and replenishes moisture, leaving your skin feeling soft, smooth, and rejuvenated.

## DISCLAIMER

Our “Pick & Personalise” and “Salon & Spa” products have been formulated and manufactured with quality and care. They are designed to be used as is, or to be customised with your choice of active ingredients.

Please note that whilst all care has been taken in presenting options to the client for additional ingredients and recommendations, pH Factor accepts no responsibility concerning any product modified using such suggestions.

Shelf-life indications are from the date of manufacture when the product is stored in original packaging and under appropriate storage conditions (less than 30°C). We recommend if modifying for resale, that adequate stability testing and performance for marketing claim is undertaken prior to sale.
